*"Let's trash this one, it's irritating me ..."*

## Stellar Rage

*"Ahaha, do you really think I'm upset for this? It's only a game... however, now I'm going to crush you!"*

When you play this card, every player (including yourself) must roll a die for each card they have in play (Friends, Items and Specials).

Every die roll not resulting in the Goblin King causes the immediate discard of the corresponding card in play.

NOTE: players can't play other cards nor use abilities until every die roll has been done and results applied.

## You can't play...

*"I'm sorry, you can't play, the table is full!"*

You must play this card as soon as a new Game card is played, before any die is rolled for its resolution.

Choose an opponent: that player can't participate in the current Game.
